

ORGANIZE TAX-FREE!!!

ANYONE may legally reduce income tax to **ZERO/NOTHING/NO COST!**

Of 51 jurisdictions, neither the federal government nor 39 of the state governments have established the essential statutory formula* to require the payment of income tax—that is, **ONLY ELEVEN** jurisdictions have established this formula—but all except nine of the 51 jurisdictions have established machines to collect income tax anyway.

Whether living in an income-tax state or a no-income-tax state, **ANYONE** may legally organize a limited liability company (an LLC) in one of the following States and lawfully reduce **BOTH** state **AND** federal income tax costs to **ZERO/NOTHING/NO COST**: NV, OH, SD, WA, or WY.

Even the Minimum-Wage earner typically pays **HUNDREDS OF THOUSANDS OF NON-REFUNDED DOLLARS** in federal income tax alone in a lifetime! Start putting this terrific cost back in **YOUR** pocket!

In light of the 90% tendency to reach age 65 with insufficient wealth for sustaining an employment-free lifestyle, the original purpose for this project was to demonstrate the means for any individual lawfully to divert state and federal income tax costs to permanently-risk-free-tax-free-compound-interest-bearing wealth and income—as much as a high-five- or even **SIX-FIGURE TAX-FREE ANNUAL INCOME—PERFECT COMFORT!**

Whether you want to generate periodically-doubling wealth using your income tax costs as funding or you just want to keep your income tax costs, you have the government's authorization** to do so—you just need to establish the legal means first.

All three branches of the US government have issued written invitations—and all fifty state governments recognize the proper procedure—for pursuing this course of action. Especially in light of the imminent collapse of **BOTH** Social Security **AND** Medicare, the purpose for this project is to help individuals prepare to meet senior medical costs—which are already typically **\$250,000** out-of-pocket even with Medicare benefits—as well as ongoing costs of living without being forced to continue working just to cover these enormous costs.

Once you have legally organized an LLC—in your own State or in a State other than your own—also enroll in private membership in another LLC—a specially-prepared, private, lawfully-income-tax-free, audit-proof organization—for just \$200 initial and annual membership dues to complete the legal element necessary for lawfully reducing/avoiding **BOTH** state **AND** federal income tax costs. After establishing a rented mailbox (available for as little as \$60 per year) and a private, levy-proof checking account for the private LLC as well as a checking account for your own LLC, you will be able to generate the paper trail to audit-proof your operations as you lawfully divert your realized income tax cost savings for either wealth accumulation or other purposes.

Incur no actual out-of-pocket expense! Just prepare the brief, free paperwork to let your realized income tax cost savings cover this cost for you!

(continued ...)

Use the full-service option to organize an LLC in a State other than your own and file no State income tax returns for—your realized tax savings pays these fees for you—as little as:

\$916 initially plus \$74 monthly in Nevada;	\$49 registered agency fee, \$75 articles of organization fee, \$75 registration fee, \$150 initial list of managers or members fee, and \$200 business license fee (\$425 annually);
\$520 initially plus \$49 monthly in Ohio;	\$75 registered agency fee and \$99 filing fee (\$99 annually);
